WARREN KEYS

BATHROOMS OF MAN

The Wood Tile Collection

The Warren Keys Bathrooms of Man wood collection is comprised of 17 different series of woods with 67no individual different tiles. All tiles are made in glazed porcelain and all are available ex stock*, Warren Keys Bathrooms of Man.

These tiles have been chosen carefully to give our customers the widest possible choice of wooden tiles, for all customer tastes and project requirements; including distressed retro wood looks, minimal sophisticated woods, herringbone woodblocks which are ideal for both residential and commercial spaces, traditional grained woods with authentic natural appeal, slip resistant woods for commercial projects and our signature range of Sonoma woods which have been inspired by the shaded rich feel of woods from the wine barrels of California.... Something for everyone....

As with our Core Collection, merchandising is available for all wood ranges and these display stands and graphic boards can be seen in our Merchandising Brochure.

*Stock Exceptions: There are a small number of products, colours and sizes that will be shown but are presently only available by special order.

Porcelain wood effect tiles offer unbeatable durability as they are not susceptible to traditional problems like scratching, scuffs and dents as many real woods are. Wood effect tiles can be installed all over a home and many are suitable for exteriors situations too, which can be hugely beneficial for those who love an expansive inside-outside living experience.

Whether in bathrooms, bedrooms, kitchens, patios, bars, restaurants or offices then wood effect tiles are the perfect, durable design solution and can be installed just about anywhere as a result.

Add in its other benefits...

- **Scratch Resistant** – Ideal for busy environments
- **Stain Resistant** – Ideal for kitchens
- **Slip Resistant** – Ideal for commercial use
- **Water Resistant** – Ideal for wet rooms
- **UV Fade Resistant** – Ideal for sunrooms and patios
- **Easily Cleaned**
- **Highly Durable Surfaces**

...and you will never use wood again.

The Wood Collection is only part of Warren Keys Bathrooms of Man 's wider product offering and other collections now include;

- **Merchandising Brochure** - Details of display stands, merchandising and tiled graphic boards
- **The Core Collection** - A comprehensive range of best-selling floor and wall tiles
- **The Warren Keys Collection** - Natural stone designer cladding for indoor and outdoor feature walls
- **The Warren Keys Collection** - 20mm porcelain paving tiles for outdoors
- **The Premium Collection** - A range of unique exclusive wall and floor tiles
- **The Developers Collection** - A range specifically collated for budget conscious house developers and residential customers

- **The Cathedral Series** - A range of mesh mounted geometric mosaic panels, borders and decors, inspired by floors from the Victorian era; designed, manufactured and stocked by Warren Keys Bathrooms of Man

Cleaning and Maintenance - Fila Tile Maintenance Kit

Help your customers keep their ceramic and porcelain tiles in tip-top condition with the **Ceramica Maintenance Kit**, a handy pack of three essential tile cleaning products from leading tile care specialists Fila.

Fila Maintenance Kit 2.5L

From the initial clean to everyday maintenance, Fila Surface Solutions have a system of products that will maintain the original look of tiled surfaces. Fila has introduced a care kit for ceramic and porcelain tiles. It includes three products, for initial cleaning after laying, stain protection of joints and ongoing maintenance. Fila's new kit contains;

- **DETERDEK** for post-installation washing
- **FUGAPROOF** for grout protection and
- **FILACLEANER** for everyday maintenance
- **ABRASIVE SPONGE** for application of Deterdek

Code: FILKIT01

Alternatively Fila's Surface Cleaning Solutions can be supplied separately

Fila Deterdek 1L ***
Initial Clean/Grout Haze Remover
Code: FILDET01

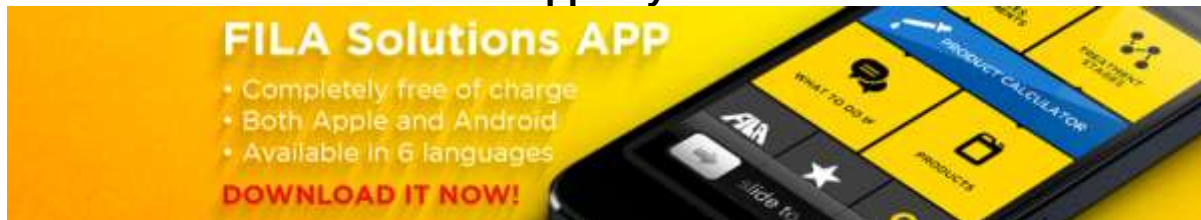

Fila Filacleaner 1L
Everyday Clean/Maintenance
Code: FILCLE01

Fila PS87
Stain Remover/Problem Solver
Code: FILSTA01

Download the Fila Solutions App to your mobile device

The Fila Solutions App is a really useful tool to support sales staff and product installers to select the correct solutions, and offer customers the correct products each and every time. It is **free to download**, automatically updates every time it is opened, and can be used across all Apple and Android Devices.

Fila Surface Solutions Technical Support Line:

For additional information on any product or for advice on 'What to do if...' contact;

Telephone: 0044 1584877286
