The Decor Tile Collection

Our Décor Collection of Encaustic Style tile is comprised of 16 different ranges of decorative, geometric patterned tiles with 81 no different individual tile options. All floor tiles are made in glazed porcelain suitable for all residential, light commercial and hospitality projects, while the wall tile options provide so many new opportunities for create attractive surfaces for your projects.

Decorative encaustic style tiles are an increasing popular interior design trend. Hard wearing, low maintenance, highly durable and the epitome of chic, encaustic style tiles are the perfect solution for both commercial and residential customers looking to introduce eye-catching design to their projects.

Our selection of geometric, patterned floor and wall tiles incorporate so many different shade, colours, tones and designs. From soft shade of blues and grey to bold, bright Moroccan inspired vibrant aesthetics they are the must-have finish to embellish and add character to every style of project,

These options have been specifically chosen to offer you the best variety of options.

Whether in bathrooms, bedrooms, kitchens, bars, restaurants or offices tiles are the perfect, durable design solution and can be installed just about anywhere as a result.

Add in its other benefits...

- **Scratch Resistant** – Ideal for busy environments
- **Stain Resistant** – Ideal for kitchens
- **Slip Resistant** – Ideal for commercial use
- **Water Resistant** – Ideal for wet rooms
- **UV Fade Resistant** – Ideal for sunrooms
- **Easily Cleaned**
- **Highly Durable Surfaces**

Manufacturing and Fabrication Services

We design, manufacture, supply and distribute high quality bespoke tile mosaics, patterns, features and fabricated products (such as porcelain stair treads and tableware) to a broad range of partners in differentiated markets within the tile industry.

We can manufacture tile designs for customers in any shape or size, in any combination or pattern, in any colour or finish, to suit every type of project;

- | | | | |
|---------------|--------------------|----------------|--------------|
| • Chevrons | • Circles | • Cubes | • Diamonds |
| • Fans/Scales | • Geometrics | • Herringbones | • Hexagons |
| • Octagons | • Pixilated Murals | • Quatrefoils | • Rectangles |
| • Rhombus | • Squares | • Triangles | • Victorian |

Everything we manufacture is hand assembled by skilled artisans who draw on centuries of techniques to carefully lay each individual piece on modular mesh panels that ensure easy installation by the client. It is a labour intensive but vital element in production that ensures high quality products are consistently supplied to customers.

If you have a project that requires specialist flooring and bespoke designs then simply contact our experienced team. We will help you through every part of the process and provide you with stunning designs for your client.

Schluter Systems – Technical Solutions

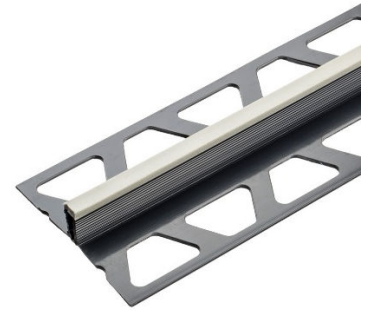

With our industry partners, Schlüter-Systems, we offer proven system solutions for the installation of tiles in a wide variety of environments.

Waterproof Kerdi Backer Boards
Extruded Foam Structural Backing Board for replacing plywood when installing tiles
Code: SCHKER

Ditra Under Tile Heating Kit
Thermostatically controlled under tile heating system for creating comfortably warm environments
Code: SCHDIT

Movement Joint Profiles
High performance industrial grade movement joints with two anchoring legs
Code: SCHDIL

Kerdi Waterproofing Matting
Crack bridging polyethylene waterproofing membrane system for wet-room installations

Code: SCHKER

Ditra 25 Uncoupling Matting
Polyethylene uncoupling membrane to neutralise the tensions and prevent stress cracks being transferred to the surface covering
Code: SCHDIT

Edge Profiles
Symmetrically rounded profiles for edges of tiled surfaces. Available in a variety of colours and materials

Code: SCHRON

Cleaning and Maintenance - Fila Tile Maintenance Kit

Help keep your ceramic and porcelain tiles in tip-top condition with the **Ceramica Maintenance Kit**, a handy pack of three essential tile cleaning products from leading tile care specialists Fila.

Fila Maintenance Kit 2.5L

From the initial clean to everyday maintenance, Fila Surface Solutions have a system of products that will maintain the original look of tiled surfaces.

Fila has introduced a care kit for ceramic and porcelain tiles. It includes three products, for initial cleaning after laying, stain protection of joints and ongoing maintenance. Fila's new kit contains;

- **DETERDEK** for post-installation washing
- **FUGAPROOF** for grout protection and
- **FILACLEANER** for everyday maintenance
- **ABRASIVE SPONGE** for application of Deterdek

Code: FILKIT01

Alternatively Fila's Surface Cleaning Solutions can be supplied separately

Fila Deterdek 1L ***
Initial Clean/Grout Haze Remover
Code: FILDET01

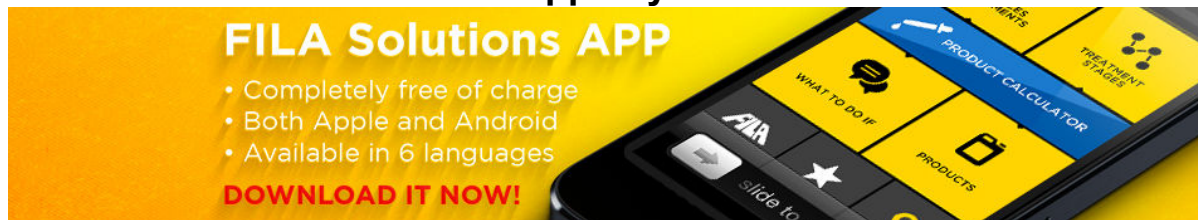

Fila Filacleaner 1L
Everyday Clean/Maintenance
Code: FILCLE01

Fila PS87
Stain Remover/Problem Solver
Code: FILSTA01

Download the Fila Solutions App to your mobile device

The Fila Solutions App is a really useful tool to support sales staff and product installers to select the correct solutions, and offer customers the correct products each and every time. It is **free to download**, automatically updates every time it is opened, and can be used across all Apple and Android Devices.
